About us

CGS Events is a company specialized in organizing high-level events for the gaming industry in Latin America and the Caribbean. Having stood out for more than 22 years in the construction of gaming jurisdictions in collaboration with the different market players. Working closely with associations, regulators, operators and key executives, we provide unique spaces for C-level decision makers to gain insights, make connections and explore new business opportunities.

Our Caribbean Regulators Forum initiative, launched in 2010, has been an important pillar for the industry and we are now expanding our reach to include key jurisdictions in the Americas. We are committed to offering new and relevant experiences that focus on emerging market regulatory issues and creating an enabling environment for the growth and development of the gaming industry in the region. Join us to shape the future of gaming in Latin America and the Caribbean.
